### FLEXIBILITY AND AFFORDABILITY

SafetySkills recognizes the need for flexibility and is not a “one size fits all” type of training. We offer two account plans on our LMS to fit your training needs: EnterprisePro and Enterprise Pay-As-You-Train. Each Enterprise account allows you access to the SafetySkills course library and specific features that are tailored to your training needs. As a third option, license as many SafetySkills courses as you need on your own LMS.
